

Second Term English Test

Hello, my friends. My name is Anna. Today, I will tell you about my precious childhood memories. Many things happened in my childhood days; but I remember very few of them. I remember the happy days with my parents. I often played with my mother. She was my best friend and companion.

My education began with a picture book. I was about six years old when I was admitted to the elementary school. My father took me to school for the admission into class 1. All the children were lined up for the interview. After some time, a teacher called my name. I entered the room and he asked me some questions. After answering, he enrolled my name and sent me to the classroom.

I became nervous as all the children were unknown to me. But within a short time I found a boy who was our neighbour. It gave me courage. Then we talked and sat in the same bench. After that, the teacher entered the room. When he started talking, I felt fine. The teacher was very friendly and cheerful.

Since then, Mr. Wilson became my favourite teacher. He taught me English and he encouraged me to read short stories and write my owns. Thanks to him, I learnt how to be self-confident, hardworking and a caring student. I dreamt to be a teacher just like him.

Now, when I remember those moments, I feel like I am a child again. My childhood was the happiest period, ever.
